6th Baltic Moreno days on 20th – 22^{dn} August 2010 in Klaipėda, Lithuania

Baltic Moreno days is international practical psychodrama conference. Main objectives of this conference is to share experience, knowledge, new psychodrama methods and to spread message about psychodrama and its use. The Baltic Moreno Conference is taking place regularly since year 2000 in one of the Baltic countries every second year.

Baltic Moreno days' 2010 topic is suggested by awareness, that sometimes, if we want to know ourselves better or even re-discover ourselves, we have to return to the past. Maybe to the childhood, maybe to some significant place, maybe to some people.

You are kindly invited to come back to your self during this Baltic Moreno days and, if not re-discover, then at least discover new things in your self with psychodrama.
